GHUMGHAM

From Nepali Streets to Nepali Stories, Explore It All.

Problem Statement

Visitors to Nepal find it difficult to explore cities and discover local attractions, hidden spots, and festivals because relevant information is fragmented, outdated, or not easily accessible.

OBJECTIVES

- Boost local tourism by helping users find nearby places, events, and food.
- Connect travelers with locals while supporting businesses.

FEATURES

- *Get help from local guides or students who can show you around and make your travel experience more personal and easier.*
- *Discover nearby events like jatras, concerts, and food markets.*
- *Find local recommended food places with reviews and ratings.*
- *Explore trusted restaurants and cafés recommended by real users to help you decide where to eat confidently*

GOVERNMENT SEWA

Skip the lines, go online!
Your one-stop guide to government services.

Problem Statement

Many citizens in Nepal face confusion when visiting government offices because they lack clear information about documents, procedures, and fees, leading to delays and repeated visits.

Who: Citizens / users
What: Confusion, lack of information, inefficiency

OBJECTIVES

- *Help Users Come Fully Prepared*
- *Reduce Application Mistakes*
- *Increase Financial Transparency*
- *(Clearly display all fees, charges, and costs involved in services to avoid confusion or hidden expenses.)*
- *Provide digital guidance for government processes*

FUNCTIONS

- *Service Search*

Choose what you need (e.g., license, passport) and get instant guidance.

Document Checklist

- *Simple list of required documents with a checklist.*
- *Clear instructions on which room number /office to go to next.*

Shows how busy the office is (low/medium/high + best time). Location-Based Info

- *Guides on how to fill each form by removing Common mistakes.*

THANK YOU
